Application Setup

- Transfer Data
- Transfer Audio/Video
- Transfer Power

To or From

This one cable offers high speed data transfer, 4K video support, high bit depth audio, and power delivery. Get more done with less hassle by carrying one cable to complete nearly any task.

Simplify Connectivity

Deliver up to 10Gbps to or from a USB 3.1 (Gen2) enabled port. Whether uploading or downloading data this cable is an ideal solution to transfer large amounts of information, such as high resolution photos for editing or storage, 3D models for video game authoring, or HD video for editing. Stream video and audio with full DisplayPort 2.1 and 'Alt' mode functionality, displaying up to 4K video with amazing contrast and color depth to see photos, videos, and text with unbelievable detail. 4-channel audio with microphone support ensures crisp lifelike audio delivery. Ensure that a USB-C equipped laptop, smartphone, or tablet is fully charged and ready to go while displaying video content, transferring files, or streaming audio. Deliver up to 60W of charging power to or from the connected device with smart power delivery. The USB-C cable offers a light-weight, portable, and simple way to deliver video, and data—while staying charged up!
