

4K UHD USB Webcam

FOCUS 200 PRO

Specification Sheet

WyreStorm - Powerful. Reliable. Simple.

Introduction

The FOCUS 200 PRO is a 4K ultra HD Zoom-certified business webcam. Equipped with a 120° wide-angle distortionless lens, it ensures top-of-the-line image quality. It also boasts auto framing, 8x digital zoom, dual AI noise-cancelling mics and App control, ideal for small and medium-sized meeting rooms. Furthermore, Auto-Framing and Presenter Tracking ensures you're always the focus of meetings.

Key Features

- Captures crystal clear 4K UHD video with automatic color correction and white balance
- Up to 120° ultra-wide angle lens ensures the entire room is in frame
- ePTZ support for Auto-Framing, Presenter Tracking or manual pan, tilt & zoom adjustments
- Gesture control supported
- Zoom Certified
- Easily adjusts to fit on top of any computer monitor or display, no matter the size
- Privacy cover for when the camera is not in use
- Integrated microphone features auto-noise reduction and a 3-meter pickup range
- Compatible with popular conference software such as Microsoft Teams and Zoom, Skype and more!
- Intuitive Focus App software for adjusting video settings and more for all Focus models

In the Box

- 1x WyreStorm Focus 200 Pro Webcam
- 1x Privacy Cover
- 1x USB-C to USB-A Cable

Storage Temperature	-4°F ~ 140°F (-20°C ~ +60°C), 10% ~ 90%, non-condensing
Dimensions and Weight	
Length x Width x Height	140.29mm/5.52in x 73.7mm/2.9in x 62.5mm/2.46in
Weight	0.14kg/0.31lbs
Regulatory	
Safety and Emission	CE FCC RoHS EAC RCM

*For best performance of video capture at 4K a USB 3.0 connection should be used. If a USB 2.0 port is used only 1080p60Hz can be guaranteed.

*When using presenter tracking, USB 2.0 can only support 1080p30Hz. Presenter tracking at 4K or 60Hz requires USB 3.0.
